Reduce Admin. Save Time.

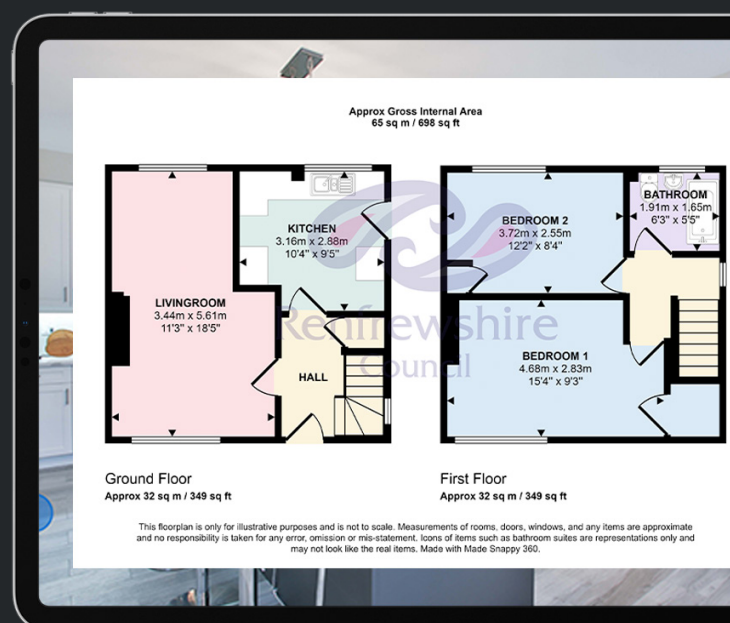

Streamline Your Workflow

Made Snappy 360 is the ultimate tool for property maintenance, inspections, and listings. From reducing relet times to maintaining accurate property condition records, the pressures on housing teams are increasing. Made Snappy's 360° virtual tours and interactive floor plans give you the tools to market properties faster, eliminate unnecessary in-person viewings, and keep a secure visual record of every property - all from a single, easy-to-use platform.

Reducing admin work, increasing productivity

With Made Snappy, creating a professional floor plan and virtual tour is quick and straightforward - you only need to capture one 360° image per room using a 360 camera. From those images, our team creates an accurate, interactive virtual tour and floor plan. This means no manual measurements, no repeated visits, and no complex software.

- **3000+** monthly users
- **Over 4 years** of time saved
- **5000+** properties submitted per month

The Challenge

Streamline Processes. Reduce Costs and Admin.

Our services are a game changer for councils and housing associations, helping to streamline processes, cut down repetitive admin, and reduce costs. Our tools address some of the most common challenges in the sector:

Speed Up Relets

Match tenants to properties faster by letting them view online before applying.

Record Property Condition

Capture visual evidence at the start and end of each tenancy to support recharges.

Keep Key Documents Safe

Attach important PDFs directly to the virtual tour so they're never lost in transfers.

Share Everything in One Link

Send a single URL with the virtual tour, floor plan, and key documents all in one place.

Reduce In-Person Viewings

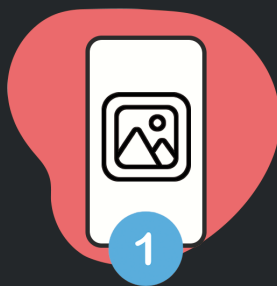

Show properties remotely with virtual tours, reducing unnecessary in-person visits.

The Solution

All It Takes Is **One Image Per Room**

With Made Snappy 360, we take care of all the hard work for you. Simply capture one 360° image per room, and we'll produce a fully branded virtual tour and floor plan.

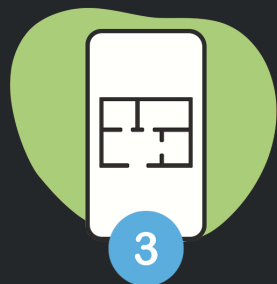

Take One Image Per Room

Simply place your 360° camera in the center of every room and take a photo.

Upload To Our Portal

Drag-and-drop your images to your dashboard.

Get Your Floor Plan & Virtual Tour

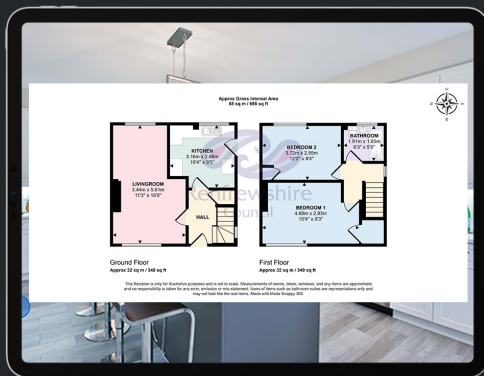

Delivered by the end of the next working day.

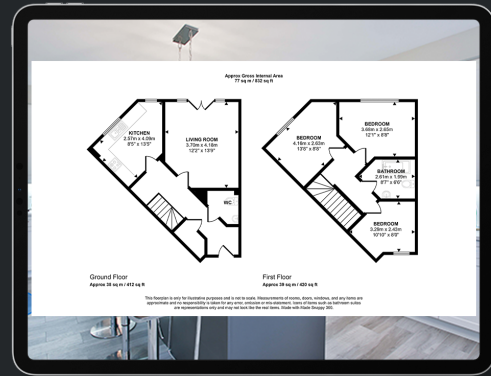

Floor Plans Made Simple

Floor Plan Creation **Made Simple**

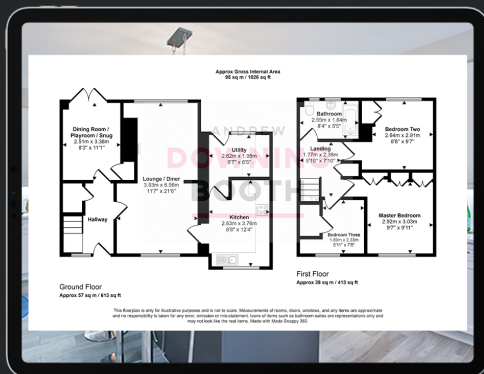

Forget manual measurements and complicated software. Using advanced trigonometry, we create accurate, professional floor plans from a single 360° image per room.

360 Virtual Tours

Faster **Lets**. Fewer **Viewings**. Happier **Tenants**.

Transform the way you market and manage properties. Reduce in-person viewings, relet faster, stay compliant, and keep accurate property records - all with one easy-to-share link. Virtual tours unlock new opportunities for housing teams to streamline processes, save time, and deliver a better experience for tenants.

Information Points

Share Valuable Information **Internally** and **Externally**

Add information points directly within the virtual tour, ensuring key details stay with the property no matter where the link is shared.

PDF Storage

Upload important PDF documents directly to your virtual tour, making it easy for staff to access all the information they need in one place.

Video and Photos

Add touchpoints within your virtual tour to highlight unique features with close-up photos, or include videos that explain key aspects of the property.

Other Information Points

Add plain text explanations or links to external websites to provide details that aren't immediately visible in the virtual tour.

Other Features

Features to Make Your **Life Easier**

Contact Information

Viewers can contact you directly from the virtual tour via your website, WhatsApp, email, Facebook, or any other links you choose to include.

Google Maps

Viewers can click to view the property on Google Maps. It gives prospects instant context about the location, helping to drive more serious enquiries.

Interactive Floor Plans

Our virtual tours feature an interactive floor plan, showing viewers exactly where they are in the property. They can also click the eye icon to jump directly to different rooms.

Photo Editing

Edit Photos in Minutes, **Not Hours**

Our 30-minute image enhancer is the ultimate solution for listing properties on the same day. Our expert team enhances your images in various ways, including replacing dull grey skies with vibrant blue ones. With our service, every day becomes picture-perfect, ensuring your property is showcased at its best.

Features

Usage Example

Ryan Chalmers, Senior Facilities Manager, [Renfrewshire Council](#)

“We’ve used Made Snappy 360 to help streamline our council housing lettings process. It means we can provide prospective tenants with remote virtual viewings, reducing the time it takes to relet a property. It also allows us to capture clear visual evidence of the property’s condition at the start and end of a tenancy, which is useful when considering recharges and delivering savings.”

How Renfrewshire Council Use Made Snappy 360:

- ✓ Streamlined the council housing lettings process.
- ✓ Provided prospective tenants with remote virtual viewings, reducing reletting times.
- ✓ Captured clear visual evidence of property condition at tenancy start and end.
- ✓ Supported fair and accurate recharge decisions.
- ✓ Delivered measurable savings and improved efficiency.
